

Attitude towards Science Course

Dear Learner,

This survey is organized in the framework of Lifelong Learning Programme Comenius project of ***How Do You Learn Science? Share Your Science Learning Experiences***. To achieve the purpose of this project, we would like to ask you to express your opinions. The scale consists of questions that will be completed within approximately 10-15 minutes at most. Your answers will be used only for the analysis and research work and statistics of the situation and will not be published as personal answers anywhere. Thank you very much in advance for your collaboration.
